People hate some unpleasant noise. It can't feel exactly same as other people. One of the reason that we don't feel same is instinct. Do you like eat noise? Most people say No. When last week, I traveled with friend. We buy foods in food stands, and eat it while walking. Just time, I eat hot manju and beat tongue. The My friend make a sour face and said "Stop!" moment it sound heard. You wish to enjoy the time of with your friends, You must not make bad noise. If that reason is by instinct.
